

## **Beaches Business Association Board Meeting – Monday, 1/7/08**

### **Speaker:**

Gary Frazier, Jacksonville Beach Fire Chief, spoke of safety in the home regarding smoke alarms and fire extinguishers. He noted that, especially during the winter season, let's be careful about ventilation for fireplaces and space heaters.

### **In Memory:**

Our dear friend and B.B.A. Chaplain, David Young, passed away in early December. Dr. Grovenstein gave a nice memorial and Treasurer Steve Lindorff suggested that we make a donation in David's behalf. Beaches Business Association will present \$250.00 to the Neptune Baptist Church Youth Program.

### **Scholarships for 2008:**

B.B.A. will present two \$1000.000 scholarships this year. One will be in memory of a past recipient, a young man who has passed away. The second will be in memory of our past Chaplain, David Young.

### **Martin Luther King Holiday:**

We will not have a meeting on January 21, 2008 in observance of Martin Luther King's Birthday.

### **Complimentary Lunches:**

We now have gift cards for guests to enjoy a free lunch at their first B.B.A. meeting; this will help encourage prospective new members to sign on.

### **Future Speakers:**

We have speakers booked through the end of February. Let's try to think of some ideas for interesting and diversified speakers, as well as ideas for a commemorative gift for us to present them.

### **New Chaplain:**

We voted in favor of Marvin Benson to step in and become our new chaplain for 2008.

*Footprint: Thank you David Young for his many years serving for the good of the beaches community.*
